

Meeting and Event Code of Conduct

Personal actions supporting the collective wellbeing

A code of conduct is a collection of rules and regulations that include what is and is not acceptable or expected behaviour.

The Events Industry Council, through its member organisations, has offered guidelines outlining steps that can be implemented to provide as safe an environment as possible when meeting in-person. Responsibility is shared equally among event organisers, the event venues and the event attendees – all have a role to play.

Based on our common set of beliefs in the value of live event experiences we know to be true, as stakeholders we all have a role to play in the mitigation of risk. The code of conduct below is meant to serve as a reminder and inspiration to know that if we all collectively respect the significance of this contribution, we are by definition advocating for the well-being of our fellow global citizens and our industry.
